

## 2.1 How can I use Credly to view analytics?

1. [Sign into Credly](#) and select the 'analytics' tab at the top left hand side of your screen.

2. You will be taken to a page that will give you an overview of your analytics for the last month. This overview includes the number of badges you've issued and percentages for acceptance, shares, clicks etc.

You can toggle the boxes above to show specific date ranges by selecting the box that says 'Past Month', and show particular badges by selecting the box that says 'Templates'.
