

Badge Nation x Navigatr Platform Walkthrough

With Ruby Barter, Customer Support and Quality Assurance
Manager for Badge Nation.

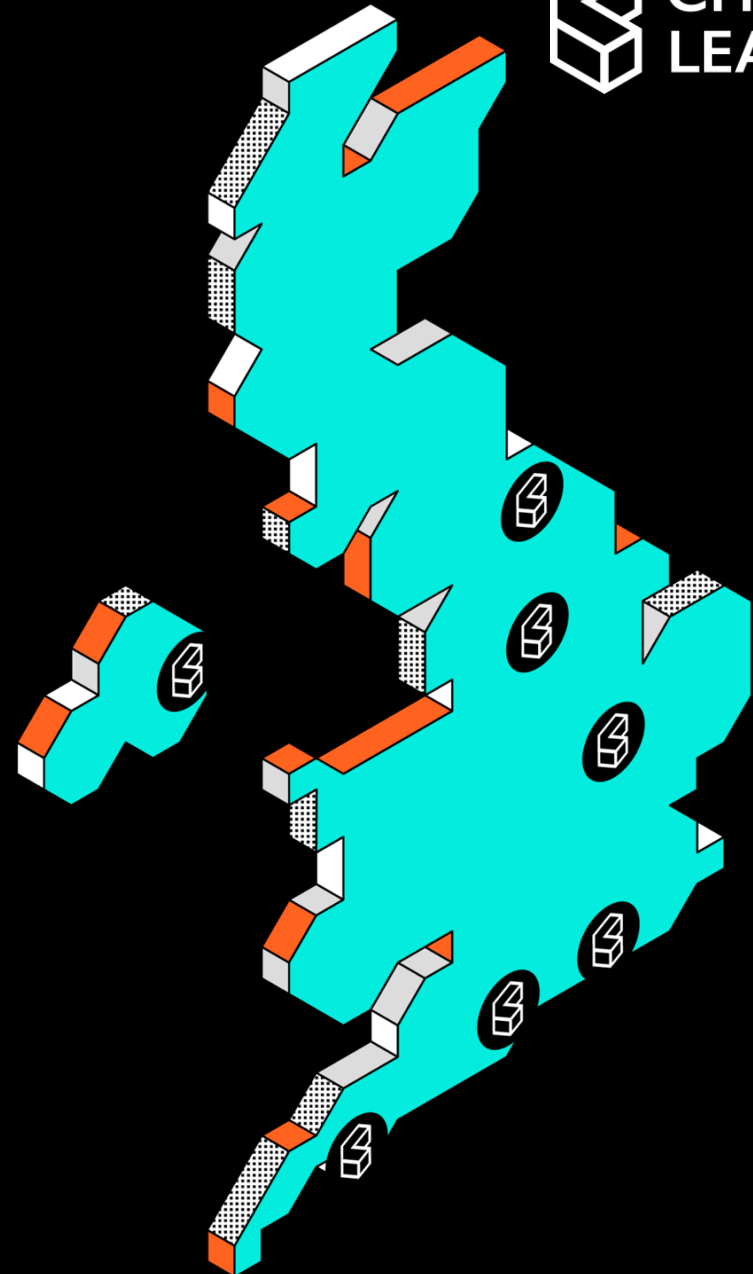

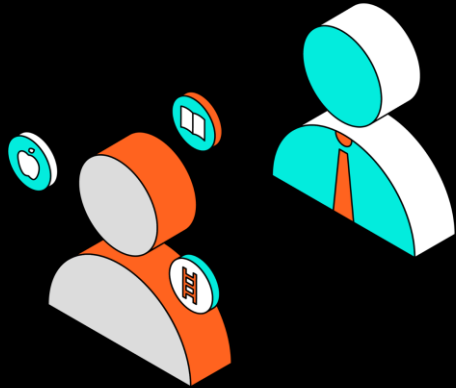

Growing a movement

Badge Nation and Navigatr were born from the Cities of Learning movement

Together, we are mapping, recognising and connecting learning and work across the UK & Ireland

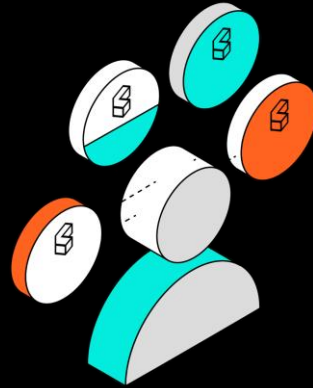

Badge Nation & Navigatr deliver badges, pathways and impact data

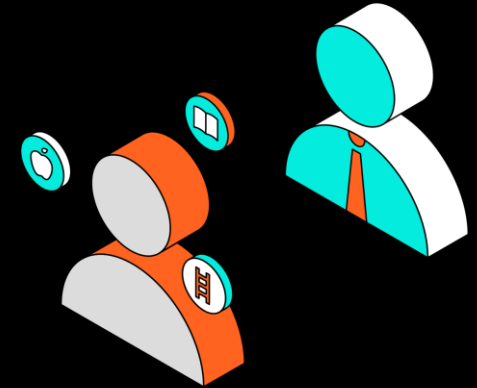

Visible

By making all the points of learning in the region visible, learners are empowered to **discover and take advantage of the opportunities at their doorstep.**

Measurable

Using digital badges to demonstrate the impact of learning in places and give people a new currency (beyond exam results) to **showcase their talents.**

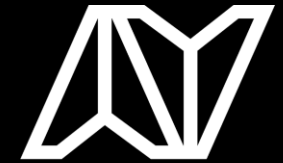

Connected

The **Navigatr app uses a common skills language helping individuals see the connection between learning and work, highlights skills gaps and helps employers find the people who are right for the job.**

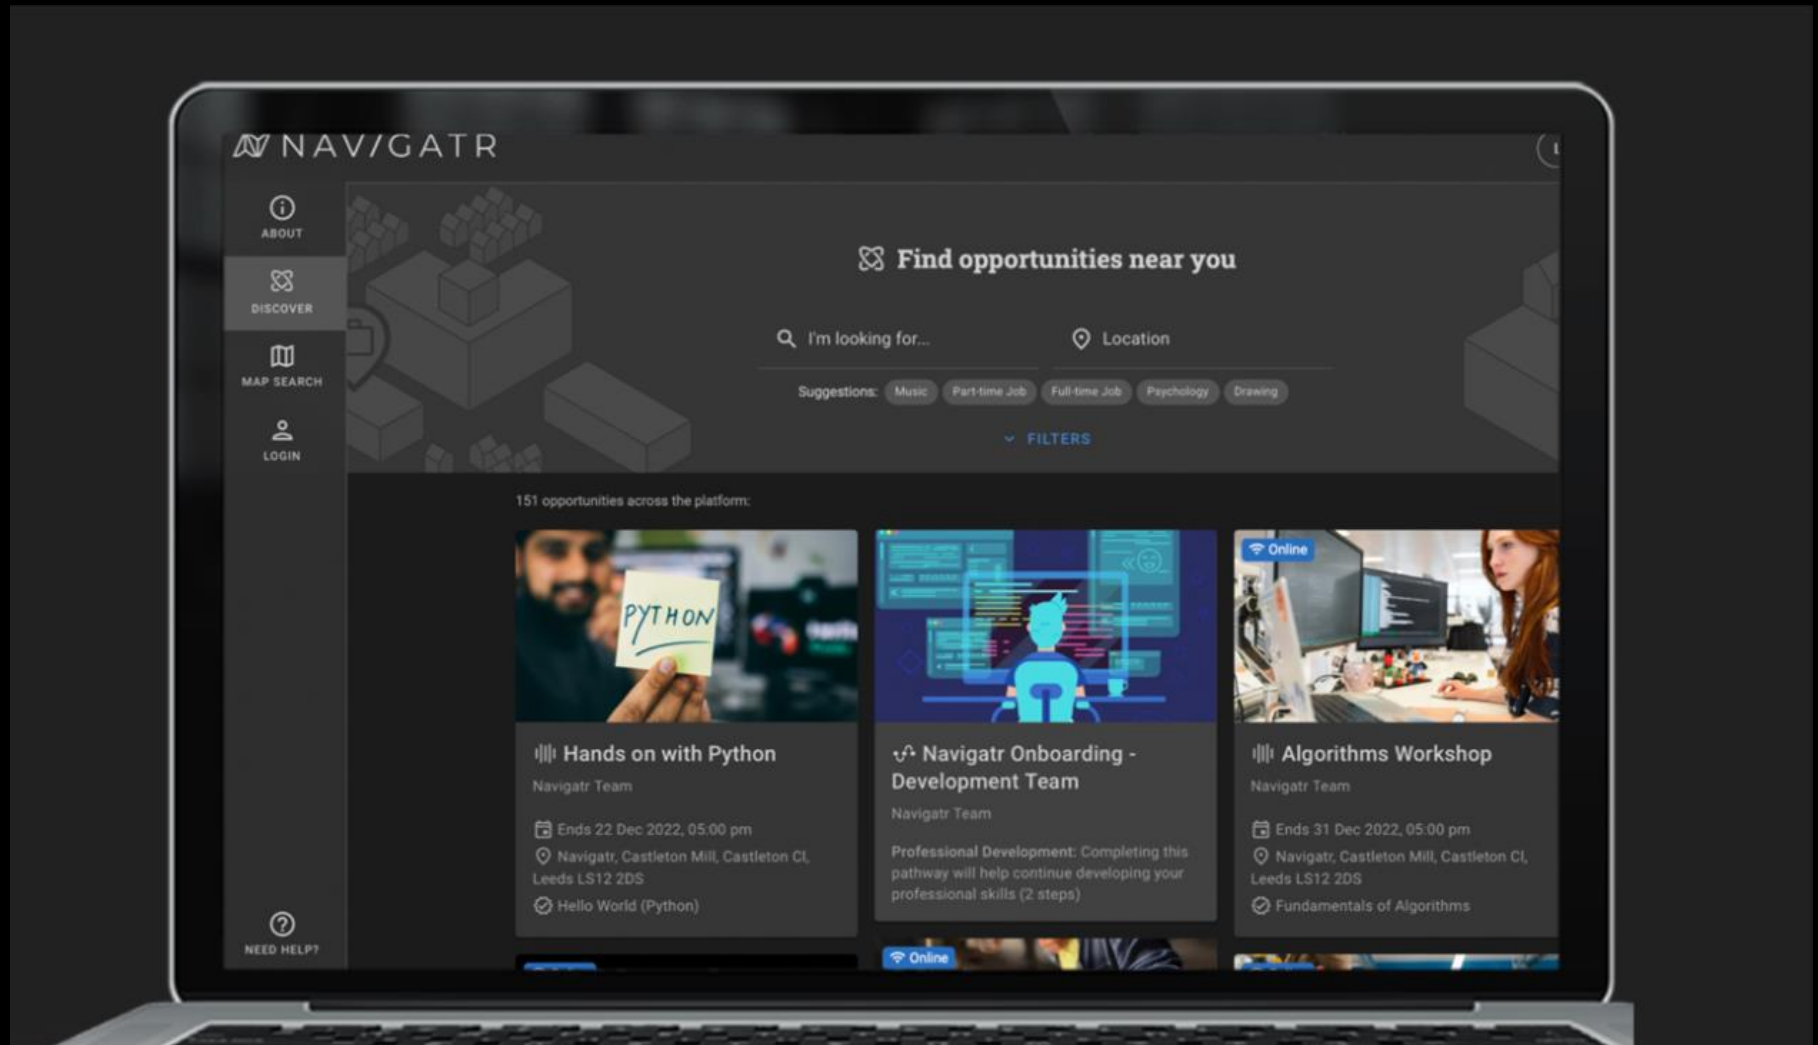

Navigatr badge issuing and pathways platform

NAV/GATR

Navigatr is a platform that links badges into pathways and activities to help learners reach their goals and organisations and cities to demonstrate learning impact.

Connect badges to make learning routes more visible with Pathways

- ✓ Address skills gaps and improve skills development
- ✓ Increase motivation to engage with learning
- ✓ Break down the learning journey into bite sized chunks.

Jargon Busting

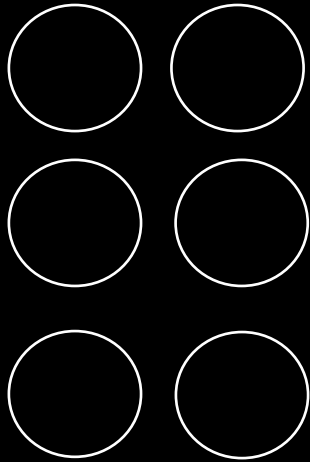

What does everything mean?

Item	Explanation
Provider	A Badge Nation x Navigatr member organisation that has signed a Membership Agreement for a Get Badging or Badge Bigger package, and is currently issuing badges, or on their way to issuing badges.
Provider Profile	The Provider's space on Navigatr where badges can be published and issued, and content such as pathways and activities can be created.
Pathway	A space on Navigatr featuring a selection of badges that have been structured to reflect a learning journey.
Activity	A space on Navigatr where badges can be linked to events and other learning opportunities.
Community	A Badge Nation x Navigatr member organisation that has signed a Membership Agreement for a Community, Supported Community, or Macro package to support implementing badges on a wider scale.
Community page	The Community's space on Navigatr to house provider profiles and all pathways and activities for that community.
