

BADGE
FOR A
BETTER
WORLD

About Us

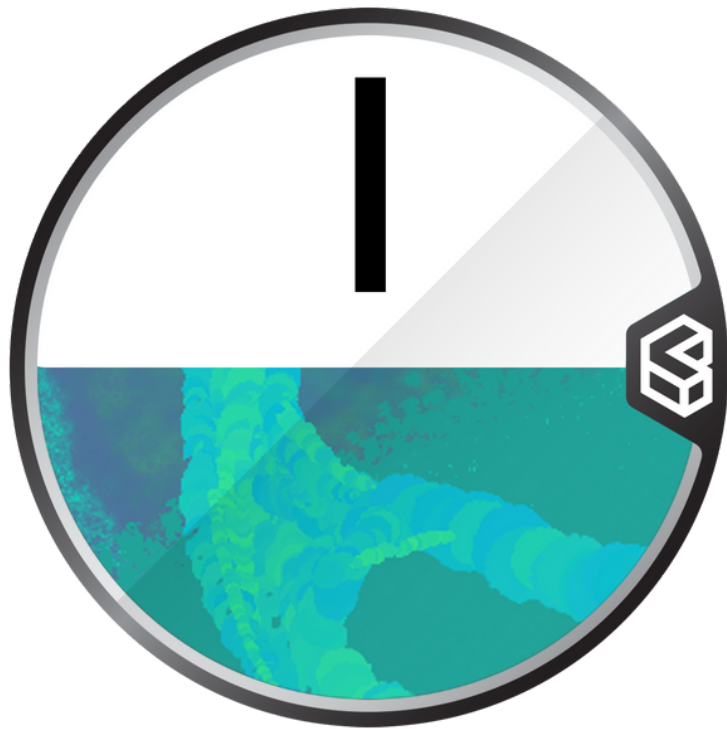

Badge Nation is part of the Real Ideas Group and was developed through the Royal Society of the Arts, Manufactures and Commerce (RSA) Cities of Learning pilot project in 2017.

We exist to make sure that organisations that want to make a positive difference with digital badges have the right tools, at the right price.

We make badging simple, straightforward and affordable. Whether you are a school, college, business, local authority, multinational, charity, not-for profit – we have a package to suit your needs.

The Process

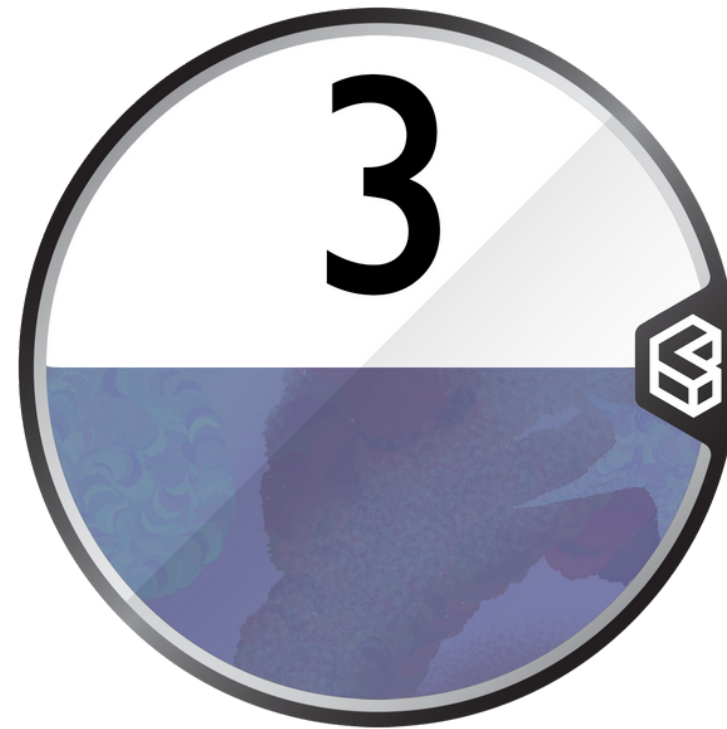

Book your FREE Badge Chat

We love to talk about how badges could feature in your existing or new work! Book some time with our friendly team to chat about how digital badges could add value to your activity.

Receive our recommendations

After having a chat with our friendly team, we will offer you a selection of **NO OBLIGATION** recommendations of packages and services which we feel would best suit your badging ambitions.

Build your package

Using the 'Our Services' menu below, you're able to build a bespoke membership for your organisation that will suit your needs and budget. All of our service options are flexible, so please reach out to the team if you require a service not currently listed.

Attend a Badge Writing workshop

Sign up to one of our FREE, online Badge Writing Workshops, where you and your team can learn more about the components of a digital badge, our processes for supporting you to write them, along with writing a draft of your first badge!

Get badging!

YOU'RE ALL SET! Sign the quote our team send you, and start accessing support from our team to enable you to write and issue digital badges that celebrate the the people you work with and what they achieve!

Technology Costs Explained

As a technology neutral organisation, we are committed to providing customers with support, advice and guidance about Digital Badging solutions that we feel will work best for their unique situation.

Badge Nation will only ever recommend Badge Issuing and Display Platforms that are [Open Badge 2.0 compliant](#), however, we are open to supporting you to work with other platforms not listed within our Prospectus.

Please book a [Badge Chat](#) to discuss your organisations Digital Badging ambitions.
